

# CLUB VISION

To establish a legacy of hockey greatness, not only through our on-ice achievements but also through our unwavering commitment to the community of Dryden.

# ABOUT OUR TEAM

The Dryden GM Ice Dogs, a founding team of the SIJHL, boast a strong tradition, winning the inaugural league championship and consistently placing in the top ranks. In years to follow, we would clinch four Bill Salonen Cups. Operating as a community-owned team, the Dryden GM Ice Dogs rely on dedicated volunteers, our generous sponsors, and the kind support from the community of Dryden, evident in the vibrant attendance at home games. With an average of 56 regular season games, including 27 at home, and up to 14 playoff games, the team remains deeply involved in community activities, serving as positive role models for local youth.

Looking ahead, the team is focused on building a dynasty in the upcoming 2024/25 season. Home games take place at the Dryden Memorial Arena and can be live-streamed on SIJHL.tv.
